Residents of Canfield City and Township:

Re: Contact your insurance company about possible savings.

The Cardinal Joint Fire District was recently evaluated by the Insurance Services Organization (ISO) to determine **the District's fire suppression rating**. We are pleased to inform you that, due to recent improvements such as the new water tower at Raccoon Road and Route 224, we have gone **from a 4 to a 3 rating in the City of Canfield and from a 6 to a 5 in Canfield Township**. Depending on which insurance company you utilize, this rating may afford you a reduction in your premiums.

**You are encouraged to contact your insurance company to provide them this information**, as they will not automatically reduce your rates because of ISO's determination.

Should you have any questions regarding this information, please contact me at [dhutchison@cardinaljointfire.com](mailto:dhutchison@cardinaljointfire.com) or 330-533-4316.

Sincerely,

Chief Don Hutchison
